Solar for Madeira homes

Packages, indicative prices and payback – in one page

Indicative prices, 2026 – the final price is in your written quote

From €2,500
S package, incl. 22 % VAT

7–10 years
L package payback, three scenarios; conservatively about 14 years

5–7 weeks
from contract to switch-on, up to 4 kW inverter output

Packages

Package	System	Price from (incl. VAT)	Payback	Conservative[1]
S	1.5 kWp, microinverter	**€2,500**	**10–16 years**	about 19
M	2.5 kWp, 3.6 kW hybrid	**€3,900**	**9–16 years**	about 18
M + battery	2.5 kWp + 5 kWh battery	**€5,100**	**9–11 years**	about 14
L	3.5 kWp, 3.6 kW hybrid	**€4,300**	**7–10 years**	about 14
L + battery	3.5 kWp + 10 kWh battery	**€6,700**	**7–9 years**	about 9
XL	4.5 kWp, 3.6 kW hybrid	**€4,700**	**6–9 years**	about 9
XL + battery	4.5 kWp + 16 kWh battery	**€7,300**	**6–7 years**	about 8
XL Power	4.5 kWp, 6 kW hybrid, 16 kWh, production meter	**€8,200**	**7–8 years**	about 9

[1] Unchanged electricity price and no surplus sold, in years – not the worst possible outcome. Package price: pitched tiled roof in good condition, standard installation; travel fee by zone per visit (zone A free, B €30.50, C €54.90, D €79.30).

How solar pays in Madeira

- **Your own use comes first.** Every kWh you use yourself saves €0.18–0.21.
- **A battery** moves the midday surplus to the evening and night.
- **The rest can be sold** with a contract – recently about €0.044 per kWh. That is why we size the system to your own use (Madeira's 20 % rule, DLR 9/2026/M).

Ask for a first estimate

Just send us three things – no bills needed yet:

1. **Your town**
2. **Your approximate monthly electricity bill**
3. **Your roof type (pitched tiled, flat, other)**

For detailed sizing we later ask for your last 12 months of consumption and a few photos. Full price guide (4 pages): handymadeira.com/solar-energy

Indicative prices from October 2026, incl. 22 % VAT, for information until 31 Dec 2026; not an offer – your written, itemised quote follows a site survey. Prices and payback assume no grant: the regional +ENERGIA call closed on 29 August 2025, and no call is open in October 2026. We communicate mainly in English, but if you don't speak English we will still find a way.
